Professional Summary

I build solutions with a focus on clarity, structure, and impact, with experience spanning digital projects and community initiatives. I bring a blend of technical ability, analytical thinking, and leadership experience—from building functional web solutions to driving initiatives in financial literacy and community service. I am eager to contribute to dynamic environments where I can grow, collaborate, and add value across both technical and non-technical projects.

Education

B.Sc. in Computer Science
Babcock University, 2021 – 2025
CGPA: 4.46 / 5.00

Skills

- **Programming:** JavaScript, TypeScript, Python, PHP
- **Web Technologies:** HTML, CSS, React.js, Next.js, Tailwind CSS
- **Tools & Platforms:** Git/GitHub, Vercel, XAMPP, Figma (basic), SEO (Intro Certification)
- **Databases:** MySQL
- **Soft Skills:** Communication & Presentation, Problem Solving & Critical Thinking, Team Collaboration, Time Management

Projects

Shipment Scheduling and Booking System
Role: Full-Stack Developer (Frontend & Backend without frameworks)

- Built an interactive web application using HTML, CSS, JavaScript, XML with Ajax, and PHP.
- Implemented real-time calendar scheduling and booking features using Ajax.
- Ensured compatibility across LAMP/WAMP environments.

Mini E-Commerce Prototype (React/Next.js)
Role: Frontend Developer

- Developed a modern commerce interface using Next.js 14, TypeScript, React Query, Zustand, and Tailwind CSS.
- Managed state with Zustand and localStorage for cart and user sessions.

Network Anomaly Detection (Final Year Project)
Role: Data & ML Researcher

- Conducting research on detecting spyware and spoofing attacks using machine learning models (KNN, SVM, Decision Tree, Random Forest).
- Using NSL-KDD dataset and evaluating models with accuracy, precision, recall, F1 score, ROC, and AUC.

Experience

IT Support – Polaris Bank Limited
October 2025 – Present
- Provide technical support to staff, ensuring seamless use of systems and network resources.
- Troubleshoot hardware and software issues to maintain operational efficiency.
- Assist in maintaining IT infrastructure and coordinating with teams for system improvements.

Software Trainee – Prunedge Development Technologies
January 2024 – July 2024
- Assisted in frontend development tasks using React.js and TypeScript.
- Collaborated with a team on web application improvements.

Volunteering & Leadership

Cowrywise Campus Ambassador
October 2024 – Present
- Promoted financial literacy and encouraged savings culture among students through outreach and education.

Planning Committee Member – TEDxBabcock University
October 2024 – April 2025
- Collaborated in event planning and logistics for TEDx event.
- Supported speaker coordination and event promotion.

Certifications

• JavaScript Algorithms and Data Structures – FreeCodeCamp

• Responsive Web Design – FreeCodeCamp

• Introduction to SEO – Simplilearn

Volunteering & Leadership

TEDxBabcock University – Planning Committee Member
October 2024 – April 2025

• Contributed to event planning, speaker coordination, and logistics for TEDx programming.

Cowrywise Campus Ambassador
October 2024 – Present

• Promoted financial literacy and encouraged savings culture among students through outreach and education.

Interests

• Business Consulting & Technology
• Web Development & UI/UX
• Data & Machine Learning
• Mental Health Advocacy
