- State & Data Management: Zustand, TanStack Query, React Context, Axios
- Tools & Libraries: Tailwind CSS, Git, Vite, PostgreSQL, Chart.js, Ajax, XAMPP, JWT, Mantine UI, Material UI
- Other: REST APIs, CI/CD, SEO, Accessibility, End-to-End Testing, Agile Methodologies
- Soft Skills: Communication, Problem-Solving, Team Collaboration, Leadership

---

Projects

Mini-Commerce E-Commerce Platform
Frontend Developer | July 2025
[Live Preview](#)
- Built a fully responsive e-commerce prototype using Next.js 15, Zustand, and Tailwind CSS
- Delivered persistent cart, mock checkout, and dynamic metadata for SEO
- Automated unit tests with Jest and RTL, achieving 85% test coverage
- Tech Stack: Next.js | TypeScript | Zustand | Tailwind CSS | React Query | Jest

Authentication System – PERN Stack
Full-Stack Developer | May 2025 – June 2025
[GitHub Repo](#)
- Developed secure login and registration with JWT-protected dashboard
- Boosted app performance by 30% through optimized backend querying and modular design
- Tech Stack: React.js | Node.js | Express.js | PostgreSQL | Tailwind CSS

Expense Tracker Dashboard
Frontend Developer
[Live Preview](#)
- Built a dashboard with form handling, state management, and local storage fallback
- Integrated Chart.js for real-time data visualization and balance tracking
- Tech Stack: Next.js | React.js | TypeScript | Zustand | Tailwind CSS | Chart.js

Shipment Scheduling & Booking System
Team Lead | Full-Stack Developer | Nov 2024 – Dec 2024
- Led a team of 5 to build a logistics web platform with real-time updates using Ajax
- Built an interactive calendar system for shipment management
- Tech Stack: PHP | JavaScript | HTML/CSS | Ajax | XAMPP

Human Resources Management System (HRMS)
Frontend Developer | June 2024
- Revamped HR dashboard interface, improving user satisfaction by 25%
- Implemented role-based access control and employee attendance tracking
- Tech Stack: React.js | TypeScript | Tailwind CSS

Todo App
Frontend Developer | April 2024
- Created a responsive to-do app with filtering and drag-and-drop functionality
- Tech Stack: React.js | Vite | HTML | CSS

Work Experience

Duromedia Academy
Project Lead | Jul 2023 – Aug 2023
- Led team to build a replica of an educational platform using Bootstrap and JavaScript
- Applied version control and improved collaboration workflows

Prunedge Development Technologies
Software Trainee | Jan 2024 – Jul 2024
- Developed reusable React components for HR software, reducing code duplication by 25%
- Collaborated with designers and engineers to implement pixel-perfect features
- Participated in agile sprints and version-controlled deployments

---

Education

Babcock University
B.Sc. in Computer Science, 2021 – 2025
CGPA: 4.46 / 5.00

Certifications

- JavaScript Algorithms and Data Structures – FreeCodeCamp
- Responsive Web Design – FreeCodeCamp

Volunteering & Leadership

Cowrywise Campus Ambassador
Oct 2024 – Present

TEDxBabcockU Planning Committee Member
Oct 2024 – Apr 2025
